NOTES TO FINANCIAL STATEMENTS

1. Summary of significant accounting policies

A. Accounting practices

The accompanying statutory financial statements of Aetna Health Inc. (a Michigan corporation) (the “Company”), indirectly a wholly-owned subsidiary of Aetna Inc. (“Aetna”), have been prepared in conformity with accounting practices prescribed or permitted by the Michigan Office of Financial and Insurance Regulation (“Michigan Department”) (“Michigan Accounting Practices”). The Michigan Department recognizes only statutory accounting practices prescribed or permitted by the State of Michigan for determining and reporting the financial condition and results of operations of an insurance company, which include accounting practices and procedures adopted by the National Association of Insurance Commissioners’ (“NAIC”) *Accounting Practices and Procedures Manual* (“NAIC SAP”).

Michigan Accounting Practices vary from U.S. generally accepted accounting principles (“GAAP”). The primary differences include:

- Bonds are recorded at amortized cost except for those with an NAIC designation of 3 through 6, which are reported at the lower of amortized cost or fair value. Therefore, changes in unrealized gains and losses for those securities held at amortized cost are not reflected in the financial statements. Under GAAP, bonds classified as available for sale are recorded at fair value, and related changes in unrealized gains and losses are recorded as a component of equity, net of deferred Federal income taxes; and
- Deferred tax assets and liabilities are determined and admitted in accordance with SSAP No. 101, *Income Taxes –A Replacement of SSAP No. 10R and SSAP No. 10*. SSAP No. 101 became authoritative guidance for accounting and reporting of income taxes beginning January 1, 2012 and replaced SSAP No. 10R, *Income Taxes – Revised, A Temporary Replacement of SSAP 10*. Changes in net deferred tax assets and liabilities are reflected as changes in surplus. Under GAAP, changes in such assets and liabilities are reflected in net income. In addition, statutory accounting requires an admissibility test for deferred tax assets.

A reconciliation of the Company’s net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Michigan for the years ending December 31, 2012 and 2011 is as follows:

(in thousands)	State of Domicile	December 31, 2012	December 31, 2011
Capital and surplus (derived using Michigan Accounting Practices)	MI	\$3,794	\$3,764
State of Michigan Prescribed Practices: None	MI	-	-
State of Michigan Permitted Practices: None	MI	-	-
Capital and surplus (derived using NAIC SAP)		\$3,794	\$3,764
Net income (derived using Michigan Accounting Practices)	MI	\$30	\$29
State of Michigan Prescribed Practices: None	MI	-	-
State of Michigan Permitted Practices: None	MI	-	-
Net income (derived using NAIC SAP)		\$30	\$29

B. Use of estimates in the preparation of the financial statements

The preparation of these financial statements in conformity with Michigan Accounting Practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenues and expenses. Actual results could differ from those estimates.

C. Accounting policies

The Company applies the following significant accounting policies:

(1) Cash, cash equivalents and short-term investments

Cash and cash equivalents include all highly liquid instruments readily convertible to cash with a maturity of three months or less from the date of purchase. Short-term investments primarily consist of investments purchased with an original maturity of one year or less. The carrying amounts of cash and cash equivalents and short-term investments reported in the accompanying Statutory Statements of Assets approximate fair value. Drafts that have not been presented for payment and remain outstanding at the balance sheet date are reported as a liability in the Statutory Statements of Liabilities, Capital and Surplus.

(2) Bonds

Bonds, which include special deposits, are carried at amortized cost except for those bonds with an NAIC designation of 3 through 6 which are reported at the lower of amortized cost or fair value. The amount reported at fair value is not material to the financial statements. Bond premiums and discounts are amortized using the scientific interest method. When quoted prices in active markets for identical assets are available, the Company uses these quoted market prices to determine the fair value of bonds. This is used primarily for U.S. government securities. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, the Company estimates fair values using valuation methodologies based on available and observable market information or by using a matrix pricing model. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. The Company had no investments where fair value was determined using broker quotes or an internal analysis of financial performance and cash flow projections at December 31, 2012 and 2011. Bonds include all investments whose maturity is greater than one year when purchased.

The Company periodically reviews its bonds to determine whether a decline in fair value below the carrying value is other-than temporary. For bonds, other than loan-backed and structured securities, an other-than-temporary impairment ("OTTI") shall be recorded if it is probable that the Company will be unable to collect all amounts due according to the contractual terms in effect at the date of acquisition. Yield-related impairments are deemed other-than-temporary when the Company intends to sell an investment at the reporting date before recovery of the cost of the investment. Declines deemed to be OTTI are recognized as realized capital losses.

For loan-backed and structured securities, the Company records OTTI when the fair value of the loan-backed or structured security is less than the amortized cost basis at the balance sheet date and (1) the Company intends to sell the investment, or (2) the Company does not have the intent and ability to retain the investment for the time sufficient to recover the amortized cost basis, or (3) the Company does not expect to recover the entire amortized cost basis of the security, even if it does not intend to sell the security and has the intent and ability to hold. If it is determined an OTTI has occurred because of (1) or (2), the amount of the OTTI is equal to the difference between the amortized cost and the fair value of the security at the balance sheet date and this difference is recorded as a realized capital loss. If it is determined an OTTI has occurred because of (3), the amount of the OTTI is equal to the difference between the amortized cost and the present value of cash flows expected to be collected, discounted at the loan-backed or structured security's effective interest rate and this difference is also accounted for as a realized capital loss.

The Company analyzes all relevant facts and circumstances for each investment when performing its analysis to determine whether an OTTI impairment exists. Among the factors considered in evaluating whether a decline is other-than-temporary, management considers whether the decline in fair value results from a change in the quality of the investment security itself, whether the decline results from a downward movement in the market as a whole, the prospects for realizing the carrying value of the bond based on the investee's current and short-term prospects for recovery and other factors. The risks inherent in assessing the impairment of an investment include the risk that market factors may differ from our expectations and the risk that facts and circumstances factored into our assessment may change with the passage of time. Unexpected changes to market factors and circumstances that were not present in past reporting periods may result in a current period decision to sell securities that were not other-than-temporarily impaired in prior reporting periods.

- (3) The Company did not own any common stock at December 31, 2012 or 2011.
- (4) The Company did not own any preferred stock at December 31, 2012 or 2011.
- (5) The Company did not have any mortgage loans at December 31, 2012 or 2011.

(6) Securities lending

The Company engages in securities lending by lending certain debt securities from its investment portfolio to other institutions for short periods of time. Borrowers must post cash collateral in the amount of 102% to 105% of the fair value of the loaned securities. The fair value of the loaned securities is monitored on a daily basis, with additional collateral obtained or refunded as the fair value of the loan securities fluctuate. The collateral is retained and invested by a lending agent according to the Company's guidelines to generate additional investment income for the Company. Pursuant to SSAP No. 91R Revised, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities* ("SSAP 91R"), collateral required under the Company's securities lending program is carried on the Company's Statutory Statements of Assets, Liabilities, Capital and Surplus as both a receivable and payable. Also pursuant to SSAP 91R, if the collateral received from a counterparty is less than 100 percent at the reporting date, the difference between the actual collateral and 100 percent is nonadmitted. Collateral value is measured and compared to the loaned securities in aggregate by counterparty.

The Company did not have any loaned securities at December 31, 2012 or 2011.

- (7) The Company did not have any investments in any subsidiaries or affiliated companies at December 31, 2012 or 2011.
- (8) The Company did not have any investments in any joint ventures, partnerships and limited liability companies at December 31, 2012 or 2011.
- (9) The Company did not have any derivatives at December 31, 2012 or 2011.

(10) Aggregate health policy reserves and related expenses

Premium deficiency reserves ("PDR") are recognized when it is probable that the expected future hospital and medical costs, including maintenance costs, will exceed anticipated future premiums and reinsurance recoveries on existing contracts. Anticipated investment income is considered in the calculation of any PDR. For purposes of calculating a PDR, contracts are grouped in manner consistent with the method of acquiring, servicing and measuring the profitability of such contracts. The Company had no PDR at December 31, 2012 and 2011.

(11) Hospital and medical costs and claims adjustment expenses and related reserves

As explained more fully in Note 4, the Company has withdrawn from the market effective December 31, 2007. Hospital and medical costs for the years ended December 31, 2012 and 2011 consist of the effects of the run-off of prior incurred claims paid.

- (12) The Company did not modify its capitalization policy from the prior period.
- (13) The Company did not have any pharmaceutical rebates receivables at December 31, 2012 or 2011.
- (14) Federal and state income taxes

In accordance with a written tax sharing agreement with an affiliate, the Company's current Federal and state income tax provisions are generally computed as if the Company were filing a separate Federal and state income tax return. Current income tax benefits, including those resulting from net operating losses, are recognized to the extent realized in the consolidated return. Pursuant to this agreement, the Company has the enforceable right to recoup Federal and state income taxes paid in prior years in the event of future net losses, which it may incur, or to recoup its net losses carried forward as an offset to future net income subject to Federal and state income taxes.

Deferred income tax assets ("DTAs") and liabilities ("DTLs") represent the expected future tax consequences of temporary differences generated by statutory accounting as defined in Statement of SSAP No. 101. DTAs and DTLs are computed by means of identifying temporary differences which are measured using a balance sheet approach whereby statutory and tax basis balance sheets are compared. Current income tax recoverables include all current income taxes, including interest, reasonably expected to be recovered in a subsequent accounting period.

SSAP No. 101, as mentioned above, replaces SSAP No. 10R which was effective for 2009 annual statements and 2010 and 2011 interim and annual financial statements. Pursuant to SSAP No. 101, gross DTAs are first reduced by a statutory valuation allowance adjustment to an amount that is more likely than not to be realized ("adjusted gross DTAs"). Adjusted gross DTAs are then admitted in an amount equal to the sum of paragraphs a. b. and c. below:

- (A) Federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse during a timeframe corresponding with IRS tax loss carryback provisions.

- (B) The amount of adjusted gross DTAs, after the application of paragraph a. above, expected to realized within the applicable period and that is no greater than the applicable percentage as determined using the applicable Realization Threshold Limitation Table. The applicable period refers to the number years in which the DTA will reverse in the Company's tax return and the applicable percentage refers to the percentage of the Company's statutory capital and surplus as required to be shown on the statutory balance sheet adjusted to exclude any net DTAs, EDP equipment and operating system software and any net positive goodwill ("Stat Cap ExDTA").

The Realization Threshold Limitation Tables allow DTAs to be admitted based upon either realization within 3 years and 15 percent of Stat Cap ExDTA, 1 year and 10 percent of Stat Cap ExDTA, or no DTA admitted pursuant to this paragraph b. In general, the Realization Threshold Limitation Tables allow the Company to admit more DTAs if total DTAs as reported by the Company are a smaller percentage of statutory capital and surplus.

- (C) The amount of gross DTAs, after the application of paragraphs a. and b. above that can be offset against existing gross DTLs. In applying this offset, the Company considers the character (i.e. ordinary versus capital) of the DTAs and DTLs such that offsetting would be permitted in the tax return under existing enacted federal income tax laws and regulations and the reversal patterns of temporary differences.

DTAs for the year ending December 31, 2011 were recalculated pursuant to SSAP No. 101. If recalculation resulted in an adjustment to the December 31, 2011 admitted DTA balance, a "cumulative effect of changes in accounting principle" was recorded in 2012 as a separate component of surplus ("Cumulative effect of changes in accounting principles").

Changes in DTAs and DTLs are recognized as a separate component of gains and losses in surplus ("Change in net deferred income tax") except to the extent allocated to changes in unrealized gains and losses. Changes in DTAs and DTLs allocated to unrealized gains and losses are netted against the related changes in unrealized gains and losses and are reported as "Change in net unrealized capital gains (losses)", also a separate component of gains and losses in surplus. Any increased amount of admitted assets and statutory surplus for periods prior to 2012 resulting from SSAP No. 10R are reported separately as part of aggregate write-ins for special surplus funds.

State income tax expense is recorded in general administrative expenses in the Statutory Statements of Revenue and Expenses. The Company did not incur any state income tax expense (benefit) for the year ended December 31, 2012. The Company received a state income tax benefit of \$1,801 for the year ended December 31, 2011.

2. Accounting changes and corrections of errors

As discussed in Note 1.A, SSAP 101 became authoritative guidance for accounting and reporting of income taxes beginning January 1, 2012. SSAP 101 (1) restricts the ability to use the 3 years/15 percent of surplus admission rule to those reporting entities that meet a new modified RBC ratio threshold, (2) changes the recognition threshold for recording tax contingency reserves from a probable liability standard to a more-likely-than-not liability standard, (3) requires the disclosure of tax planning strategies that relate to reinsurance and (4) requires consideration of reversal patterns of DTAs and DTLs in determining the extent to which DTLs could offset DTAs on the balance sheet. DTAs for the year ending December 31, 2011 were recalculated pursuant to SSAP 101. If recalculation resulted in an adjustment to the December 31, 2011 admitted DTA balance, a "cumulative effect of changes in accounting principle" was recorded in 2012 as a separate component of surplus ("Cumulative effect of changes in accounting principles").

There was no cumulative effect of a change in accounting principles adjustment to the Company as a result of the adoption of SSAP 101.

The Company did not have any corrections of errors in the years ending December 31, 2012 and 2011.

3. Business combinations and goodwill

The Company was not a part of any business combinations that involved the statutory purchase method, a statutory merger, an assumption reinsurance, or an impairment loss in the years ending December 31, 2012 and 2011.

4. Discontinued operations

The Company has withdrawn from the market effective December 31, 2007. The Company provided such information to the Michigan Office of Financial and Insurance Services on November 7, 2006 pursuant to M.C.L.A. Section 500.3712. The Company continues to hold an active license in the State of Michigan and continues to hold assets in the State of Michigan to meet state requirements.

5. Investments

- A. The Company did not have any mortgage loans, including Mezzanine Real Estate Loans, at December 31, 2012 or 2011.
- B. The Company did not have any debt restructuring in the years ending December 31, 2012 and 2011.

- C. The Company did not have any reverse mortgages at December 31, 2012 or 2011.
- D. Loan-Backed Securities
 - (1) Prepayment assumptions for single class and multi-class mortgage backed/asset backed securities were obtained from industry market sources.
 - (2) The Company had no other-than-temporary impairment (“OTTI”) losses during 2012 on loan-backed and structured securities in which the Company had the (1) intent to sell, (2) did not have the intent and ability to retain for a period of time sufficient to recover the amortized cost basis or (3) present value of cash flows expected to be collected is less than the amortized cost basis of the securities in accordance with SSAP No. 43R, *Loan-Backed and Structured Securities* (“SSAP No. 43R”).
 - (3) The Company had no recognized OTTI on loan-backed and structured securities currently held, in which the present value of cash flows expected to be collected is less than the amortized cost basis, at December 31, 2012.
 - (4) The Company had no unrealized loss position on loan-backed and structured securities held by the Company at December 31, 2012.
- E. The Company did not have any repurchase agreements or loaned securities transactions at December 31, 2012 or 2011.
- F. The Company did not have any real estate at December 31, 2012 or 2011.
- G. The Company did not have any low-income housing tax credits at December 31, 2012 or 2011.

6. Joint ventures, partnerships, and limited liability companies

- A. The Company did not have any joint ventures, partnerships, or limited liability companies that exceeded 10% of its admitted assets at December 31, 2012 or 2011.
- B. The Company does not have any impaired investments in joint ventures, partnerships, or limited liability companies.

7. Investment income

A. and B.

There was no investment income due and accrued excluded from surplus at December 31, 2012 or 2011.

8. Derivative instruments

The Company did not have any derivative instruments at December 31, 2012 or 2011.

- 2. As explained in Note 1, the Company participates in a tax sharing agreement with its parent and affiliates.
- G. The Company does not have any Federal or foreign income tax loss contingencies.

10. Information concerning Parent, subsidiaries, affiliates, and other related parties

A. B. and C.

The Company did not pay dividends or receive capital contributions in 2012 and 2011.

- D. Amounts due to and due from affiliates shown in the accompanying Statutory Statements of Assets, Liabilities, Capital and Surplus include the Company's net receipts and disbursements processed by affiliates and transactions related to its administrative services agreement with Aetna Health Management, LLC ("AHM"), indirectly a wholly-owned subsidiary of Aetna.

At December 31, 2012 and 2011, the Company reported \$4,273 and \$6,585, respectively, as amounts due to AHM related to this agreement.

The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter.

- E. At December 31, 2012, the Company did not have any guarantees or undertakings with its affiliates or parent company.
- F. As of and for the years ending December 31, 2012 and 2011, the Company had the following significant transactions with affiliates:

The Company and AHM are parties to an administrative services agreement, under which AHM provides certain administrative services, including accounting and processing of premiums and claims. Under this agreement, the Company remits a percentage of its earned commercial, Medicaid and Medicare premium revenue, as applicable, to AHM as a fee, subject to an annual true-up mechanism as defined in the agreement. Under the agreement, this true-up is due to be settled with the affiliate by April 15th of the following contract year (which is January 1 to December 31 annually). The Company had no expenses under this agreement in 2011 and 2010 as it earned no premium revenue. This agreement also provides for interest on all intercompany balances. The Company had no interest earned on amounts due from affiliates in 2012 and 2011. Interest incurred on amounts due to affiliates was \$17 in 2012 and \$21 in 2011.

The Company is a party to an agreement which enables the Company to receive manufacturers' pharmacy rebates from AHM under which the Company remits 10% of its earned pharmaceutical rebates to AHM as a fee. The Company had no material earned pharmacy rebates in 2012 and 2011. The Company did not incur pharmaceutical rebate fees in 2011 and 2010. At December 31, 2012 and 2011, the Company did not have amounts due from AHM related to pharmaceutical rebates. The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter.

The amounts reported on the Underwriting and Investment Exhibit, Part 3 represent the expenses incurred under the terms of the administrative agreement, allocated to the Company in accordance SSAP No. 70, *Allocation of Expenses* ("SSAP 70"). SSAP 70 states "shared expenses, including expenses under the terms of a management contract, shall be apportioned to the entities incurring the expense as if the expense had been paid solely by the incurring entity. The apportionment shall be completed based upon specific identification to the entity incurring the expense. Where specific identification is not feasible, apportionment shall be based upon pertinent factors or ratios." The Company allocates these expenses based upon a percentage calculated using actual general and administrative expenses incurred by AHM.

The Company has coverage for certain litigation exposures (\$10,000,000 per claim and in the aggregate including defense costs) through an affiliated captive insurance company.

The Company has an insolvency agreement with Aetna Health Insurance Company ("AHIC"), a wholly-owned subsidiary of Aetna. This agreement provides that in the event that the Company ceases operations or becomes insolvent, AHIC will continue to pay benefits for any members confined as inpatients on the date of insolvency until their discharge. This agreement also provides that AHIC will continue benefits for any member until the end of the contract period for which premium has been paid, but for no longer than thirty-one days. AHIC will also make available to members, for a period of thirty-one days, replacement insurance policies.

As explained in Note 1, the Company participates in a tax sharing agreement with Aetna and Aetna's other subsidiaries. All Federal income tax receivables/payables are due from/due to Aetna.

- G. All outstanding shares of the Company are owned by Aetna Health Holdings, LLC, whose ultimate parent is Aetna.
- H. At December 31, 2012, the Company did not hold any investments in any affiliate and did not own shares of any upstream intermediate of Aetna.
- I. At December 31, 2012, the Company did not hold any investments in any subsidiary, controlled or affiliated ("SCA") entity.
- J. At December 31, 2012, the Company did not hold any investments in any impaired SCA entity.
- K. At December 31, 2012, the Company did not hold any investments in any foreign insurance subsidiaries.
- L. At December 31, 2012, the Company did not hold any investments in a downstream noninsurance holding company.

11. Debt

- A. The Company did not have any items related to debt, including capital notes at December 31, 2012.
- B. The Company did not have any Federal Home Loan Bank agreements at December 31, 2012.

12. Retirement plans, deferred compensation, postemployment benefits and compensated absences and other postretirement benefit plans

The Company did not have a retirement plan, deferred compensation plan, or other postretirement benefit plan at December 31, 2012 or 2011.

13. Capital and surplus, shareholders' dividend restrictions and quasi-reorganizations

- (1) The Company had 5,000 shares of common stock with \$.01 par value authorized, with 1,000 shares issued and outstanding at December 31, 2012 and 2011.
- (2) The Company had 50 shares of preferred stock with \$.01 par value authorized, no shares issued and outstanding at December 31, 2012 and 2011.

(3) Dividend restrictions

Shareholder dividends shall be declared or paid only from earned surplus, unless the Michigan Department approves the dividend prior to payment. Dividends not requiring prior approval are limited to the greater of 10% of the insured's surplus as regards policyholders as of December 31 of the immediately preceding year, or the net income, not including realized capital gains, for the 12 month period ending December of the immediately preceding year. Ordinary dividends are ultimately limited to earned surplus.

- (4) The Company did not pay dividends or receive capital contributions in 2012 and 2011.
- (5) At December 31, 2012, there was no portion of the Company's profits that may be paid as ordinary dividends to stockholders.
- (6) There were no restrictions placed on the Company's surplus, including for whom the surplus was being held at December 31, 2012 or 2011, except as noted in Note 21.
- (7) Not applicable to the Company.
- (8) The Company did not hold any stock for any special purposes at December 31, 2012 or 2011.
- (9) There were no changes in the balances of any special surplus funds from the prior period.
- (10) At December 31, 2012, there was no portion of unassigned funds (surplus) that was represented or reduced by unrealized gains and (losses).

- (11) The Company did not have any special surplus funds or surplus notes at December 31, 2012 or 2011, except for \$2 at December 31, 2011 of aggregate write-ins for special surplus funds resulting from additional deferred tax assets under SSAP 10R.
- (12) The Company did not participate in any quasi-reorganizations during the statement year.
- (13) The Company did not participate in any quasi-reorganizations in the past 10 years.

14. Contingencies

- A. The Company did not have any contingent commitments at December 31, 2012 or 2011.
- B. The Company did not have any contingent assessments at December 31, 2012 or 2011.
- C. The Company did not have any gain contingencies at December 31, 2012 or 2011.
- D. The Company did not have any claims related extra contractual obligation and bad faith losses stemming from lawsuits at December 31, 2012 or 2011.
- E. All other contingencies

Litigation and Regulatory Proceedings

The following litigation footnotes cover Aetna Inc. and certain of its subsidiaries, including the Company (collectively, “we”, “our” or “us”). Certain footnotes below may not impact the Company directly but may have indirect impact on the Company as the Company is a member of the Aetna holding company structure.

Out-of-Network Benefit Proceedings

We are named as a defendant in several purported class actions and individual lawsuits arising out of our practices related to the payment of claims for services rendered to our members by health care providers with whom we do not have a contract (“out-of-network providers”). Among other things, these lawsuits allege that we paid too little to our health plan members and/or providers for these services, among other reasons, because of our use of data provided by Ingenix, Inc., a subsidiary of one of our competitors (“Ingenix”). Other major health insurers are the subject of similar litigation or have settled similar litigation.

Various plaintiffs who are health care providers or medical associations seek to represent nationwide classes of out-of-network providers who provided services to our members during the period from 2001 to the present. Various plaintiffs who are members in our health plans seek to represent nationwide classes of our members who received services from out-of-network providers during the period from 2001 to the present. Taken together, these lawsuits allege that we violated state law, the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), the Racketeer Influenced and Corrupt Organizations Act and federal antitrust laws, either acting alone or in concert with our competitors. The purported classes seek reimbursement of all unpaid benefits, recalculation and repayment of deductible and coinsurance amounts, unspecified damages and treble damages, statutory penalties, injunctive and declaratory relief, plus interest, costs and attorneys’ fees, and seek to disqualify us from acting as a fiduciary of any benefit plan that is subject to ERISA. Individual lawsuits that generally contain similar allegations and seek similar relief have been brought by health plan members and out-of-network providers.

The first class action case was commenced on July 30, 2007. The federal Judicial Panel on Multi-District Litigation (the “MDL Panel”) has consolidated these class action cases in the U.S. District Court for the District of New Jersey (the “New Jersey District Court”) under the caption In re: Aetna UCR Litigation, MDL No. 2020 (“MDL 2020”). In addition, the MDL Panel has transferred the individual lawsuits to MDL 2020. On May 9, 2011, the New Jersey District Court dismissed the physician plaintiffs from MDL 2020 without prejudice. The New Jersey District Court’s action followed a ruling by the United States District Court for the Southern District of Florida (the “Florida District Court”) that the physician plaintiffs were enjoined from participating in MDL 2020 due to a prior settlement and release. The United States Court of Appeals for the Eleventh Circuit has dismissed the physician plaintiffs’ appeal of the Florida District Court’s ruling.

On December 6, 2012, we entered into an agreement to settle MDL No. 2020. Under the terms of the proposed nationwide settlement, we will be released from claims relating to our out-of-network reimbursement practices from the beginning of the applicable settlement class period through the date the New Jersey District Court preliminarily approves the settlement. The settlement class period for health plan members begins on March 1, 2001, and the settlement class period for health care providers begins on June 3, 2003. The agreement contains no admission of wrongdoing. The medical associations are not parties to the settlement agreement.

Under the settlement agreement, we will pay \$60 million, the substantial majority of which will be payable upon final court approval of the settlement, and pay up to an additional \$60 million at the end of a claim submission and validation period that commences upon final court approval of the settlement. These payments will fund claims submitted by health plan members who are members of the plaintiff class and health care providers who are members of the plaintiff class. These payments also will fund the legal fees of plaintiffs’ counsel and the costs of administering the settlement, in each case in amounts to be determined by the New Jersey District Court.

The proposed settlement is subject to preliminary and final court approval. Final court approval of the settlement is expected during 2013 but could be delayed by appeals or other proceedings. In addition, the Company has the right to terminate the settlement agreement if more than certain percentages of class members, or class members collectively holding specified dollar amounts of claims, elect to opt-out of the settlement. In connection with the proposed settlement, the Company recorded an after-tax charge to net income of approximately \$78 million in the fourth quarter of 2012. The Company will pay for the settlement with available resources and expects the settlement payments to occur over the next twelve to twenty-four months. We intend to continue to vigorously defend ourselves against the claims brought in these cases by non-settling plaintiffs.

We also have received subpoenas and/or requests for documents and other information from, and been investigated by, attorneys general and other state and/or federal regulators, legislators and agencies relating to our out-of-network benefit payment practices. It is reasonably possible that others could initiate additional litigation or additional regulatory action against us with respect to our out-of-network benefit payment practices.

CMS Actions

In June 2011, the Centers for Medicare & Medicaid Services ("CMS") lifted the intermediate sanctions it had previously imposed on us in April 2010 that required us to suspend the enrollment of and marketing to new members of all Aetna Medicare Advantage and Standalone Prescription Drug Plan ("PDP") contracts. The sanctions related to our compliance with certain Medicare Part D requirements. On September 27, 2012, CMS notified us that we were again eligible to receive assignments of low-income subsidy PDP members from CMS.

CMS regularly audits our performance to determine our compliance with CMS's regulations and our contracts with CMS and to assess the quality of services we provide to Medicare beneficiaries. CMS uses various payment mechanisms to allocate and adjust premium payments to our and other companies' Medicare plans by considering the applicable health status of Medicare members as supported by information maintained and provided by health care providers. We collect claim and encounter data from providers and generally rely on providers to appropriately code their submissions and document their medical records. CMS pays increased premiums to Medicare Advantage plans and PDPs for members who have certain medical conditions identified with specific diagnosis codes. Federal regulators review and audit the providers' medical records and related diagnosis codes that determine the members' health status and the resulting risk-adjusted premium payments to us. In that regard, CMS has instituted risk adjustment data validation ("RADV") audits of various Medicare Advantage plans, including certain of the Company's plans. The Office of Inspector General (the "OIG") also is auditing risk adjustment data of other companies, and we expect CMS and the OIG to continue auditing risk adjustment data.

In February 2012, CMS published a Notice of Final Payment Error Calculation Methodology for Part C Medicare Advantage Risk Adjustment Data Validation Contract-Level Audits (the "Notice"). The Notice outlines the methodology that CMS will use to determine RADV audit premium refunds payable by Medicare Advantage plans for contract years 2011 and forward. Under that methodology, the RADV audit premium refund calculation will include an adjustment for the differences in documentation standards between the RADV audits and the risk adjustment model; however, the Notice provides limited information about that adjustment. In addition, CMS will project the error rate identified in the audit sample to all risk adjusted premium payments made under the contract being audited. Historically, CMS did not make an adjustment for differences in documentation standards or project sample error rates to the entire contract. During 2013, CMS is expected to select Medicare Advantage contracts for contract year 2011 for audit. We are currently unable to predict which of our Medicare Advantage contracts will be selected for future audit, the financial impact of the documentation standard adjustment, the amounts of any retroactive refunds of, or prospective adjustments to, Medicare Advantage premium payments made to us, the effect of any such refunds or adjustments on the actuarial soundness of our Medicare Advantage bids, or whether any RADV audit findings would cause a change to our method of estimating future premium revenue in bid submissions to CMS for the current or future contract years or compromise premium assumptions made in our bids for prior contract years or the current contract year. Any premium refunds or adjustments resulting from regulatory audits, whether as a result of RADV or other audits by CMS, the OIG or otherwise, could be material and could adversely affect our operating results, financial position and cash flows.

Other Litigation and Regulatory Proceedings

We are involved in numerous other lawsuits arising, for the most part, in the ordinary course of our business operations, including litigation related to the proposed acquisition of Coventry, employment litigation and claims of bad faith, medical malpractice, non-compliance with state and federal regulatory regimes, marketing misconduct, failure to timely or appropriately pay medical and/or group insurance claims (including post-payment audit and collection practices), rescission of insurance coverage, improper disclosure of personal information, patent infringement and other intellectual property litigation and other litigation in our Health Care and Group Insurance businesses. Some of these other lawsuits are or are purported to be class actions. We intend to vigorously defend ourselves against the claims brought in these matters.

In addition, our operations, current and past business practices, current and past contracts, and accounts and other books and records are subject to routine, regular and special investigations, audits, examinations and reviews by, and from time to time we receive subpoenas and other requests for information from, CMS, the U.S. Department of Health and Human Services, various state insurance and health care regulatory authorities, state attorneys general and offices of inspector general, the Center for Consumer Information and Insurance Oversight, OIG, the Office of Personnel Management, the U.S. Department of Labor, committees,

subcommittees and members of the U.S. Congress, the U.S. Department of Justice, the Federal Trade Commission, U.S. attorneys and other state, federal and international governmental authorities. These government actions include inquiries by, and testimony before, certain members, committees and subcommittees of the U.S. Congress regarding certain of our current and past business practices, including our overall claims processing and payment practices, our business practices with respect to our small group products, student health products or individual customers (such as market withdrawals, rating information, premium increases and medical benefit ratios), executive compensation matters and travel and entertainment expenses, as well as the investigations by, and subpoenas and requests from, attorneys general and others described above under "Out-of-Network Benefit Proceedings."

There also continues to be heightened review by regulatory authorities of and increased litigation regarding the health care and related benefits industry's business and reporting practices, including premium rate increases, utilization management, development and application of medical policies, complaint, grievance and appeal processing, information privacy, provider network structure (including the use of performance-based networks and termination of provider contracts), delegated arrangements, rescission of insurance coverage, limited benefit health products, student health products, pharmacy benefit management practices, sales practices, and claim payment practices (including payments to out-of-network providers and payments on life insurance policies). For example, New York is one of over 35 states that are investigating life insurers' claims payment and related escheat practices, and these investigations have resulted in significant charges to earnings by other life insurers in connection with related settlements. We have received requests for information from a number of states, including New York, and certain of our subsidiaries are being audited, with respect to our life insurance claim payment and related escheat practices.

As a leading national health and related benefits company, we regularly are the subject of government actions of the types described above. These government actions may prevent or delay us from implementing planned premium rate increases and may result, and have resulted, in restrictions on our business, changes to or clarifications of our business practices, retroactive adjustments to premiums, refunds or other payments to members, beneficiaries, states or the federal government, assessments of damages, civil or criminal fines or penalties, or other sanctions, including the possible loss of licensure or suspension or exclusion from participation in government programs, such as the intermediate sanctions previously imposed on us by CMS that are described above under "CMS Actions."

Estimating the probable losses or a range of probable losses resulting from litigation, government actions and other legal proceedings is inherently difficult and requires an extensive degree of judgment, particularly where the matters involve indeterminate claims for monetary damages, may involve fines, penalties or punitive damages that are discretionary in amount, involve a large number of claimants or regulatory authorities, represent a change in regulatory policy, present novel legal theories, are in the early stages of the proceedings, are subject to appeal or could result in a change in business practices. In addition, because most legal proceedings are resolved over long periods of time, potential losses are subject to change due to, among other things, new developments, changes in litigation strategy, the outcome of intermediate procedural and substantive rulings and other parties' settlement posture and their evaluation of the strength or weakness of their case against us. As a result, we are currently unable to predict the ultimate outcome of, or reasonably estimate the losses or a range of losses resulting from, the matters described above, and it is reasonably possible that their outcome could be material to us.

15. Leases

The Company did not have any material lease obligations at December 31, 2012 or 2011.

16. Information about financial instruments with off-balance sheet risk and financial instruments with concentrations of credit risk

The Company did not have any financial instruments with off-balance sheet risk or financial instruments with concentrations of credit risk at December 31, 2012 or 2011.

17. Sale, transfer and servicing of financial assets and extinguishments of liabilities

A. Transfers of receivables reported as sales

- (1) The Company did not have any transfers of receivables as sales for the years ending December 31, 2012 and 2011.

B. Transfer and servicing of financial assets

- (1) The Company did not have any transfers of financial assets at December 31, 2012 or 2011.
- (2) The Company engages in securities lending by lending certain debt securities from its investment portfolio to other institutions for short periods of time. Borrowers must post cash collateral in the amount of 102% to 105% of the fair value of the loaned securities. The fair value of the loaned securities is monitored on a daily basis, with additional collateral obtained or refunded as the fair value of the loan securities fluctuate. The collateral is retained and invested by a lending agent according to the Company's guidelines to generate additional investment income for the Company. Pursuant to SSAP No.

91R, collateral required under the Company's securities lending program is carried on the Company's Statutory Statements of Assets, Liabilities, Capital and Surplus as both a receivable and payable. Also pursuant to SSAP 91R, if the collateral received from a counterparty is less than 100 percent at the reporting date, the difference between the actual collateral and 100 percent is nonadmitted. Collateral value is measured and compared to the loaned securities in aggregate by counterparty.

The Company did not have any loaned securities at December 31, 2012 or 2011.

- (3) The Company did not have any servicing assets or liabilities at December 31, 2012 or 2011.
- (4) The Company did not have any securitized financial assets at December 31, 2012 or 2011.
- (5) The Company did not have any interests that continue to be held by a transferor in securitized financial assets at December 31, 2012 or 2011.
- (6) The Company did not have any transfers of receivables with recourse at December 31, 2012 or 2011.

C. Wash sales

- (1) The Company did not have any wash sales for the years ending December 31, 2012 or 2011.

18. Gain or loss to the HMO from uninsured plans and the uninsured portion of partially insured plans

- A. The Company did not serve as an Administrative Services Only for uninsured accident and health plans or the uninsured portion of partially insured plans for the period ended December 31, 2012.
- B. The Company did not serve as an Administrative Services Contract plan administrator for uninsured accident and health plans or the uninsured portion of partially insured plans for the period ended December 31, 2012.
- C. The Company did not have any Medicare or other similarly structured cost based reimbursement contracts for the period ended December 31, 2012.

19. Direct premium written/produced by managing general agents/third party administrators

The Company did not have any direct premiums written through/produced by managing general agents or third party administrators for the years ended December 31, 2012 and 2011.

20. Fair value measurements

A. and B.

The Company had no material assets or liabilities measured and reported at fair value at December 31, 2012 or 2011.

- C. The carrying values and estimated fair values of the Company's financial instruments at December 31, 2012 and 2011 were as follows (in thousands):

December 31, 2012

Type of financial instrument	Aggregate fair value	Admitted assets	Level 1	Level 2	Level 3	Not practicable (carrying value)
Bonds, short-term investments and cash equivalents	\$3,812	\$3,784	\$1,128	\$2,684	-	-
Preferred stock	-	-	-	-	-	-
Common stock	-	-	-	-	-	-
Total	\$3,812	\$3,784	\$1,128	\$2,684	-	-

December 31, 2011

Type of financial instrument	Aggregate fair value	Admitted assets	Level 1	Level 2	Level 3	Not practicable (carrying value)
Bonds, short-term investments and cash equivalents	\$3,804	\$3,732	\$1,171	\$2,633	-	-
Preferred stock	-	-	-	-	-	-
Common stock	-	-	-	-	-	-
Total	\$3,804	\$3,732	\$1,171	\$2,633	-	-

The valuation methods and assumptions used by the Company in estimating the fair value of debt securities are discussed in Note 1.

In evaluating the Company's management of interest rate and liquidity risk and currency exposures, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

21. Other items

A. Extraordinary items

The Company did not have any extraordinary items for the years ended December 31, 2012 and 2011.

B. Troubled debt restructuring: debtors

The Company did not have any troubled debt restructuring in the years ended December 31, 2012 and 2011.

C. Other disclosures

(1) Minimum capital and surplus

Under the laws of the State of Michigan, for a health maintenance organization that contracts or employs providers in numbers sufficient to provide 90% of the health maintenance organization's benefit payout, minimum capital and surplus is the greatest of the following: 1) \$1,500,000, 2) four percent of the health maintenance organization's subscription revenue, or 3) three months' uncovered expenditures. At December 31, 2012 and 2011, the Company's capital and surplus exceeded all such requirements.

The NAIC and the State of Michigan adopted RBC standards for health organizations, including HMOs, that are designed to identify weakly capitalized companies by comparing each company's adjusted capital and surplus to its required capital and surplus (the "RBC Ratio"). The RBC Ratio is designed to reflect the risk profile of the company. Within certain ratio ranges, regulators have increasing authority to take action as the RBC Ratio decreases. There are four levels of regulatory action, ranging from requiring insurers to submit a comprehensive plan to the state insurance commissioner to requiring the state insurance commissioner to place the insurer under regulatory control. At December 31, 2012 and 2011, the Company had capital and surplus that exceeded the highest threshold specified by the RBC rules.

(2) Patient Protection and Affordable Care Act

The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (collectively, "Health Care Reform"), enacted in March 2010, has changed and will continue to make broad-based changes to the U.S. health care system which could significantly affect the U.S. economy and which Aetna expects will continue to significantly impact Aetna's business operations and financial results, including Aetna's pricing and medical benefit ratios. Health Care Reform presents Aetna with new business opportunities, but also with new financial and regulatory challenges. It is reasonably possible that Health Care Reform, in the aggregate, could have a material adverse effect on Aetna's business operations and financial results.

On June 28, 2012, the U.S. Supreme Court generally upheld the constitutionality of Health Care Reform. However, federal budget negotiations, pending efforts in the U.S. Congress to amend or restrict funding for various aspects of Health Care Reform and the possibility of additional litigation challenging aspects of the law continue to create uncertainty about the ultimate impact of Health Care Reform. In addition, the federal and state governments continue to enact and seriously consider many other broad-based legislative and regulatory proposals that have impacted or could materially impact various aspects of the health care system. Aetna cannot predict whether pending or future federal or state legislation or court proceedings will change various aspects of the health care system or Health Care Reform or the impact those changes will have on Aetna's business operations or financial results, but the effect could be materially adverse.

- D. The Company did not have any accounts receivable for uninsured plans and amounts due from agents at December 31, 2012 or 2011. Therefore, there were no balances for assets that would be reasonably possible to be uncollectible.
- E. The Company did not have any business interruption insurance recoveries for the years ending December 31, 2012 or 2011.
- F. The Company did not have any transferable and non-transferable state tax credits for the years ending December 31, 2012 or 2011.
- G. The Company did not have any subprime mortgage related risk exposures at December 31, 2012 or 2011.
- H. The Company did not have any retained assets at December 31, 2012 or 2011.

22. Events subsequent

A. Type I - Recognized subsequent events

Subsequent events have been considered through February 25, 2013 for the statutory statement issued on March 1, 2013.

The Company had no known reportable recognized subsequent events.

B. Type II - Nonrecognized subsequent events

Subsequent events have been considered through February 25, 2013 for the statutory statement issued on March 1, 2013.

The Company had no known reportable nonrecognized subsequent events.

23. Reinsurance

The Company did not have any reinsurance recoverables in dispute, reinsurance assumed, uncollectible reinsurance, commutation of ceded reinsurance, or retroactive reinsurance at December 31, 2012 or 2011.

24. Retrospectively rated contracts and contracts subject to redetermination

The Company did not have any retrospectively rated contracts or contracts subject to redetermination in 2012 or 2011.

25. Change in claims unpaid, unpaid claims adjustment expense, and aggregate health claim reserves

There was no material change in incurred claims and claims adjustment expense at December 31, 2012 or 2011.

26. Intercompany pooling arrangements

The Company did not have any intercompany pooling arrangements at December 31, 2012 or 2011.

27. Structured settlements

Not applicable to health entities.

28. Health care receivables

A. Pharmaceutical rebate receivables

The Company did not have any pharmaceutical rebate receivables at December 31, 2012 and 2011.

B. Risk sharing receivables

The Company did not have any admitted risk sharing receivables at December 31, 2012 or 2011.

29. Participating policies

The Company did not have any participating policies at December 31, 2012 or 2011.

30. Premium deficiency reserves

30.4

Describe the sources or methods utilized in determining the fair values:
Fair values of long term bonds and preferred stocks are determined based on quoted market prices when available, fair values using valuation methodologies based on available and observable market information or by using matrix pricing. If quoted market prices are not available, we determine fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. Short term investments are carried at amortized cost which approximates fair value.
The carrying amount of cash equivalents approximates fair value.
